Master of Vocation in Entrepreneurship

About the Programme

M.Voc in Entrepreneurship development is designed to equip students with the requisite skills, knowledge, and networks needed to become entrepreneurs and innovators. The programme builds in students the ability to create business ideas, develop these ideas into product and service offerings, and then design a commercial venture to take business ideas to the market.

Entrepreneurship development explores entrepreneurship as the passage of a business idea into a new commercial venture; creating an opportunity to contribute to the society by offering employment to the unemployed. The specialisation may involve recruitments, administration of duties, accounts, and estimation of profitability, all basically involving brilliant ideas and funding support.

Programme Model & Pedagogy

SVSU has built a strong partnership with the Industry to facilitate students' training, employability and entrepreneurship through the On-the-Job Training (OJT) approach. The university has designed, developed and deployed Industry Integrated Dual Education Model (IIDEM) that enables students to "earn-while-learn" and provides an opportunity to enhance their qualification with the flexibility of entry and exit into a programme. SVSU has conceptualised the IIDEM programme, which is designed in such a manner that 60 percent of the credits are earned while working on the OJT and the rest 40 percent come from the theoretical and conceptual training. The entire pedagogy is designed to develop an application-based learning that makes students job-ready by earning industry work experience and learning the technical concepts hands-on.

Shri Vishwakarma Skill University

In line with Skill India Mission, the Government of Haryana has established Shri Vishwakarma Skill University under the Act 25 of 2016. The University is aiming at providing structured skill qualification programmes aligned with the existing and emerging job-roles in the Industry. The programmes have been mapped with NSQF levels that facilitate vertical mobility from Certificate to Doctoral level. SVSU aims at providing pathways to the Learners from school level to higher education level through a skill-based qualification framework for their career progression.

Industry Partner

AIC-Sangam is set up as a platform to bring together the best minds, resources and capital solving sustainability problems, and serve as a launch pad for inclusive and scalable enterprises focused on improving access to energy and resource productivity for the underserved in India. These enterprises will lead the way in driving inclusive development and creation of communities. AIC-Sangam is a non-profit doing incubation and acceleration as a charitable service.

Note: OJT areas are subject to change depending upon availability of OJT areas
