About the Programme

Shri Vishwakarma Skill University (SVSU) in collaboration with Concentrix has designed a Bachelor of Vocation in Management-BPM & Analytics program which is aligned to National Skills Qualifications Framework (NSQF) Level-7, based on the Dual Education Model. The programme shall enable the students to realise the complexity of processes handled at Business Process Outsourcing Organisations, and the importance and application of data analytics in IT/ITeS industry. It will prepare them to access, analyse, manage and present data to enable effective decision-making in the organisation.

Programme Model & Pedagogy

SVSU has built a strong partnership with the Industry to facilitate students' training, employability and entrepreneurship through the On-the-Job Training (OJT) approach. The university has designed, developed and deployed Industry Integrated Dual Education Model (IIDEM) that enables students to "earn-while-learn" and provides an opportunity to enhance their qualification with the flexibility of entry and exit into a programme. SVSU has conceptualised the IIDEM programme, which is designed in such a manner that 60 percent of the credits are earned while working on the OJT and the rest 40 percent come from the theoretical and conceptual training. The entire pedagogy is designed to develop an application-based learning that makes students job-ready by earning industry work experience and learning the technical concepts hands-on.
