SKILL UNIVERSITY

Bachelor of Vocation

in Management-Financial Services

About the Programme

Financial Service industry encompasses a broad range of businesses that manage, or consult around managing money. These include retail and corporate banking, investment management, investment consulting, investment banking, mortgages, and life and pensions. The completion of this programme will enable individuals to become highly competent professionals for the industry. This will be delivered by a base of core knowledge, skills and behaviours required of all individuals entering or progressing to this level in the sector, and a set of specialist options that then provide the occupationally specific competence, depending on the part of the sector and type of business the individual works for.

Programme Model & Pedagogy

SVSU has built a strong partnership with the Industry to facilitate students' training, employability and entrepreneurship through the On-the-Job Training (OJT) approach. The university has designed, developed and deployed Industry Integrated Dual Education Model (IIDEM) that enables students to "earn-while-learn" and provides an opportunity to enhance their qualification with the flexibility of entry and exit into a programme. SVSU has conceptualised the IIDEM programme, which is designed in such a manner that 60 percent of the credits are earned while working on the OJT and the rest 40 percent come from the theoretical and conceptual training. The entire pedagogy is designed to develop an application-based learning that makes students job-ready by earning industry work experience and learning the technical concepts hands-on.
