Bachelor of Vocation in Mechanical-Manufacturing

About the Programme

Shri Vishwakarma Skill University (SVSU) in collaboration with Hero MotoCorp, a known brand of the automotive world has designed a Bachelor of Vocation (Mechanical-Manufacturing) program which is aligned to National Skills Qualifications Framework (NSQF) Level-7 based on Dual Education Model. The programme will enable the students to realise the complexities of the manufacturing ecosystem, while working with the industry and also be able to effectively use the tools and equipment for achieving the stringent quality standards in the manufacturing in an optimized manner.

Programme Model & Pedagogy

SVSU has built a strong partnership with the Industry to facilitate students' training, employability and entrepreneurship through the On-the-Job Training (OJT) approach. The university has designed, developed and deployed Industry Integrated Dual Education Model (IIDEM) that enables students to "earn-while-learn" and provides an opportunity to enhance their qualification with the flexibility of entry and exit into a programme. SVSU has conceptualised the IIDEM programme, which is designed in such a manner that 60 percent of the credits are earned while working on the OJT and the rest 40 percent come from the theoretical and conceptual training. The entire pedagogy is designed to develop an application-based learning that makes students job-ready by earning industry work experience and learning the technical concepts hands-on.

Shri Vishwakarma Skill University

In line with Skill India Mission, the Government of Haryana has established Shri Vishwakarma Skill University under the Act 25 of 2016. The University is aiming at providing structured skill qualification programmes aligned with the existing and emerging job-roles in the Industry. The programmes have been mapped with NSQF levels that facilitate vertical mobility from Certificate to Doctoral level. SVSU aims at providing pathways to the Learners from school level to higher education level through a skill-based qualification framework for their career progression.

Industry Partner

Hero MotoCorp Ltd. (Formerly Hero Honda Motors Ltd.) is the world's largest manufacturer of two-wheelers. Hero MotoCorp commenced its production as a joint venture between Hero Cycles of India and Honda of Japan in 1984, based on the Japanese know-how and technology. In August 2011, the company was renamed Hero MotoCorp, as a new public company under Mr Brijmohan Lal Munjal, as Founder, with its Head Office at New Delhi. Hero MotoCorp has manufacturing units at Dharuhera, Gurugram, Haridwar, Neemrana and Vadodara. Their products include motorcycles and scooters.
